

Delta 14-651 1/2" Mortiser, Gray

Lightly used:

Lists for: ~\$700, Asking \$350

The Delta 14-651 1/2-Horsepower Mortiser is specially designed for the professional user and includes a multi-position hand lever and rotating mortising head for tricky off-table projects. Capable of punching smooth mortises in a range of stock--including hardwoods--this professional bench mortising machine is a must-have addition to any shop.

The Delta 14-651 1/2-Horsepower Mortiser

At a Glance:

- 1/2-HP motor generates 1725 RPM
 - 3/8-inch-capacity drill chuck and key
 - Adjustable rack-and-pinion fence
 - Multi-position feed lever
 - Multi-position hand lever provides the extra torque needed to mortise especially hard woods.
- Heavy-duty cast-iron base provides stability and control. [View larger](#) Adjustable Height and Rotating Head Provide Versatility
 - Setting up the 14-651 is a breeze thanks to features such as the easy-access 3/8-inch-capacity drill chuck and adjustable rack-and-pinion fence.
 - A height attachment increases the mortiser's capacity by 1-3/4 inch, and if you still need more height, you can simply turn the 14-651's head 180 degrees to mortise off-table.
 - Engaging and releasing via an efficient rack-and-pinion system, the 14-651's head features an adjustable dovetail option for intricate jobs. The lever locks down and is long enough to provide that extra torque you need to mortise especially hard woods.
 - Robust Motor Guarantees Professional Results
Powered by a 1/2-horsepower, 120-volt, 60-hertz, single-phase induction motor, the 14-651 produces smooth-sided, burn-feed results. The mortiser features a feed speed of 1,725 RPM and a multi-position feed lever for matching the correct position to the job.
 - Additionally, the adjustable depth stop locks down, so you don't have to worry about cutting too deep, and a chuck key/hex wrench simplifies bit and chisel changing.
 - Stable and sturdy, this machine measures 22.4 x 18.6 x 16.4 inches (WxHxD), weighs 77 pounds, and includes a heavy-duty 16-3/4-inch by 13-1/2-inch cast-iron base with center through hole, as well as a two-piece safety fence.
 - The 14-651 arrives with a tool-and-chisel tray, a multi-position feed level, and a gas-filled head stabilizer for smooth, steady operation. Also, four mortise chisels and bits in 1/4, 5/16, 3/8, and 1/2-inch increments are included, so you have everything you need to get started.

What's included:

- Mortiser; 3/8-inch-capacity chuck and key;
- 7 mortising chisels and bits; tool-and-chisel holder; and riser block.
- Stand is also included
